

The conditions here in this ICE tent Camp in a desert are inhumane and cruel. No human being should ever have to go through this. I have already experienced ~~so~~ torture in my home country of Cameroon and I never thought I would experience such severely violent treatment by guards here in the United States of America. I have been beaten here and even today, I still have a brace on my hand and wrist. I am in pain and I am scared to be here. No one deserves such cruel treatment. We are all humans and deserve to be treated like it.
