San Diego	<p>On October 22, 2024, at 9:33 a.m., remote video operators broadcasted information regarding potential smuggling activity involving a four-door silver Infiniti sedan at the Customs Export Facility west of the Otay Mesa POE. A responding agent entered the parking lot at the CEF as the suspect vehicle was exiting. At 9:34 a.m., the suspect accelerated in the parking lot and struck the Border Patrol vehicle as it exited. Agents searched the area but were unable to locate the suspect vehicle. At 2:13 p.m., video operators notified agents that two individuals had climbed over the secondary border barrier near the same location and tracked them as they moved north. The two individuals were observed entering a sedan in the same parking lot as the incident earlier that day. The sedan then exited the CEF parking lot and an agent reported the sedan was the same suspect vehicle that was observed earlier that day.</p> <p>Around 2:18 p.m. an agent reported that he observed a silver Infiniti traveling and that he was initiating a vehicle stop. Then, the pursuing agent reported the suspect vehicle had accelerated to over 100 miles an hour and was pulling away.
